

YEAR 11 BULLETIN

CARING - DETERMINED - REFLECTIVE

Life after GCSEs?

We have reached the time of year when Year 11 students begin to consider their options for next year. Students have already attended a number of assemblies introducing them to the options available to them. These can include staying on for 6th form at The Malling School, and it was wonderful to welcome so many of you to our Open Evening last Thursday, to going to local colleges or beginning an apprenticeship. All Year 11 students will meet with, if they haven't already, our careers team for a one-to-one meeting to support them through the process of deciding their next steps.

KENT CHOICES

This week, students were issued with their log in details for the KentChoices website and began to update their profile during a period 1 session. With your child, you can use the website to research all local providers of post-16 options, find out what they offer and when their open events are. You can also log in to make an application to any provider. Find out

more about how to apply here: kentprospectus.co.uk/resources.

Miss Willis, the careers adviser for Year 11, will be sending out lots of support to your child via their school email in the coming weeks, so please remind them to check their emails. She will also post lots of support for parents and carers on our TMS careers Facebook page, **Future you**. You can follow them here: [Facebook - Future You](#).

Regarding specific deadlines for applying to courses, check with the provider you are interested in (some sixth forms are the end of December) but we recommend you apply by the end of January to avoid disappointment, as popular college courses fill up fast. Students have all be recommended to apply to more than one provider to avoid disappointment in the summer.

Please contact Miss Willis if you have any questions or need support. She can be contacted by email at angela.willis@themallingschool.kent.sch.uk

WHAT CAN YOU DO?

Discuss with your child what they would like to do next year.

Are they interested in staying on at The Malling School or are they interested in attending college or beginning an apprenticeship?

Log into KentChoices with your child to look at what is available and if there are any open events you want to attend.

REVISION NEWS

Our period 6 sessions offer students the support with revision and exam preparations. We strongly recommend that students attend as many p.6 sessions as they can.
