

10 September 2024
Eha/SSn

Dear Parents/Carers,

Over the next two weeks your child will be shown how to complete homework by their English, Maths and Science teachers in their lessons. You will be notified of homework that has been set on MyChildAtSchool, and students will be reminded of homework that has been set on Microsoft Teams. All students will be shown how to access their Microsoft accounts in their Computer Science lessons over the coming weeks.

All year 7 students will be set English homework in their English lessons this week. Parents will be notified of this via MyChildAtSchool as well as the due date (students will have one week to complete the homework). It would be helpful if you could support your child by talking to them about their English homework when you receive the notification informing you it has been set.

Students will be shown how to log in to Sparx, which they will use to complete their Maths homework, and Tassomai, which they will use to complete their Science homework, in their lessons. Once they have received their log ins, students are welcome to have a go at any activities on the platforms but please note, homework will not be formally set in Maths and Science until all students have received their logins. I will inform parents and carers when this happens by letter.

If you have any questions about homework please email:

Yr7homework@themallingschool.kent.sch.uk

Yours sincerely,

Mrs E Hanmore
Associate Assistant Headteacher
